SKILLS:

Programming & Technical: Python, JavaScript, Node.js, HTML5/CSS3, REST APIs, Git/GitHub, & Machine Learning

Tools & Platforms: Electron, Twilio API, Google Gemini API, Canvas API, & Interactive Prototyping

EXPERIENCE:

Nadette AI Personal Assistant – github.com/nadette-agent/nadette-adjoint **November 2025 – Present**

- Used Twilio and Eleven Labs TTS to build AI agents that schedule events and send emails from natural language
- Added functionality allowing users to hang up to execute spoken requests, better simulating urgent scenarios

High fidelity Loop-Once Gif Signature Generator – www.gifsig.com **October 2025 – Present**

- Leveraged Node.js draw functions to build intuitive interfaces and interactive canvas brush strokes with extensive features
- Established reliable auto crop creating an ideally fit crop for each gif, handling edge cases where strokes go out of frame

Newsday News Summary – www.newsday.ai **March 2025 – Present**

- Engineered real-time news summary system utilizing Python RSS parsing via Google Gemini API to summarize breaking news
- Utilized Gemini sentiment analysis combined with a structured backend prompt to assign optimism scores to each article

TrueAutoColor Ableton Live Track Layout Maker – coryboris.gumroad.com/l/TrueAutoColor **May 2024 – Present**

- Packaged using Electron, operates via Ableton API creating real-time track and clip color changes from track name changes
- Sold 60+ copies through an automated market pipeline on gumroad.com, aided by ChatGPT indexed traffic

Outlier Inc., New York, New York **May 2023 – January 2025**

Large Language Model Quality Control, independent contractor (May 2023 – January 2025)

- Reviewed and ranked large scale LLM prompts and responses for advanced language models to ensure strict quality standards
- Evaluated colleagues' reviews and classifications to uphold consistent quality control standards across the review team

Perfect Computer Solutions, New Paltz, New York **May 2017 – August 2019**

Lead IT Technician (May 2017 – August 2019)

- Led Apple hardware repairs via algorithmic analysis for software repair, data migration, and laptop disassembly
- Resolved configuration failures through systematic OS and component diagnostics ensuring reliability for fragile systems

PureGym, New York, New York **January 2025 – Present**

Assistant Gym Manager (October 2025 – Present)

- Managed scheduling, supply orders, and inventory across a team of 14 to maintain reliable daily operations
- Contributed to NoHo PureGym's 80+ NPS metrics, consistently ranking first across all Manhattan and Queens locations

Front Desk Associate (January 2025 - October 2025)

- Led opening and closing procedures while processing POS transactions for training products and merchandise
- Resolved member inquiries promptly via phone and in person communication, maintaining high customer satisfaction

Crystal Cruises Inc., Miami, Florida **June 2022 – December 2024**

Band Master (June 2022 – December 2024)

- Managed musical operations for Crystal Serenity's inaugural season, earning positive reviews from returning guests
- Supervised and scheduled 8+ musicians using Microsoft Office Suite to optimize daily performance and guest experience
